EXECUTIVE SUMMARY

Strategic Product Designer and Founder with extensive experience architecting AI-driven SaaS solutions from 0 to 1. Specialized in transforming complex business logic into high-conversion user experiences for B2B and B2C platforms. Expert in Agentic AI integration, scalable design systems, and full-stack UX/UI methodologies. Proven track record of driving user retention and operational efficiency in the UAE and Indian tech ecosystems.

PROFESSIONAL EXPERIENCE

DANWAY EME — (Dubai, UAE), — Lead Product Designer (Systems Optimization)

June 2025 – Present

- The Mission:** Digitizing legacy workforce management for a multi-million dollar industrial firm.
- The Win:** Successfully transitioned the firm from manual paper-based tracking to a proprietary automated dashboard, reducing administrative man-hours by 35%.
- The Action:** Conducted ethnographic user research with 500+ field employees to design a high-contrast, mobile-first UI capable of operating in high-pressure industrial environments.
- The Result:** Delivered a real-time analytics suite for project managers, providing instant visibility into manpower allocation and labor cost-coding.

RASOI PAY (Restaurant Tech SaaS), (Remote, India) — UX/UI Engineer

April 2025 – Present

- The Mission:** Disrupting the F&B market with an AI-powered QR-ordering ecosystem.
- The Win:** Scaled a production-ready SaaS platform (rasoipay.com) from concept to a live environment. Integrated "Agentic AI" to automate personalized menu recommendations, boosting average order value (AOV) by 22%.
- The Action:** Owned the entire product lifecycle: UX research, Figma prototyping, and full-stack deployment using Next.js/Firebase.
- The Metrics:** Optimized technical architecture to achieve <50ms menu load times, securing 5+ pilot partnerships with regional stakeholders.

WEBZSPOT TECHNOLOGIES, (Remote, India) — Senior UX/UI Designer

May 2023 – Feb 2024

- The Win:** Led the end-to-end redesign of the agency's corporate identity and client portals, driving a 50% increase in lead generation.
- The Action:** Established a modular Figma design system that decreased front-end development time by 30% for all subsequent client projects.
- The Strategy:** Collaborated with cross-functional teams to deliver pixel-perfect, WCAG-compliant responsive prototypes for 12+ international clients.

INDEPENDENT CREATIVE STRATEGIST, (Global/Remote) — Digital Growth & Content Lead

Jan 2021 – May 2023

- The Achievement:** Engineered a digital brand strategy that generated over 400,000 organic engagements across YouTube and streaming platforms.
- The Action:** Utilized audience retention analytics and A/B testing on content thumbnails to maximize user engagement and conversion.

SKILLS

- Design:** UX Research, High-Fidelity Prototyping, Atomic Design Systems, Heuristic Evaluation, User Journey Mapping, A/B Testing, Conversion Rate Optimization (CRO).
- Technical:** Figma (Expert), Adobe Creative Suite, Next.js, Firebase, Agentic AI Integration, Cursor AI.
